

RETURN TO PLAY

WESTERN AUSTRALIA

We are all set to return to play football right across Western Australia for the 2021 season. In order to ensure that we maintain the health and hygiene of all players, volunteers and spectators, it is important that everyone plays their role. As such the following key requirements are in place:

Do **NOT** share water bottles and follow all other hygiene requirements including washing hands and using alcohol based hand sanitiser

Maintain social distancing of 1.5m

Ensure appropriate cleaning of facilities and equipment is undertaken

Download and use the SafeWA App, and Clubs must ensure that QR codes are displayed

Ensure that all players, staff and volunteers use the SafeWA App or a register is kept of all those in attendance at training and games

If you are unwell or have any symptoms then stay home from training and/or games and get tested

These are in line with the current WA Government and WA Health guidelines

**THE W AFC STRONGLY RECOMMENDS THAT CLUBS
AND PLAYERS UTILISE THE SAFE WA APP TO
ASSIST WITH CONTACT TRACING**
